

4S & 4V Weekly Buzz...

4/20/12

Science Career Projects: The 4th grade has been hard at work researching a specialized science career! Students are finalizing their research and then they will be writing a 2-paragraph summary describing their "future" career. After students learn all about their career, they will be making a 1 minute movie. We will be using green screen & special effects in iMovie to make professional-looking movies. Ask your child about their career! :)

The Heifer Project Comes to Piper School: Piper's Student Council has started a new fundraising project that will go until the end of the school year. We are trying to raise \$1,000 for The Heifer Project. The organization helps families around the world by providing them with live animals that will give them food and/or fiber for clothing. Our first fundraiser is on Wednesday, April 25th - Decades Day! Students are asked to dress up as their favorite decade and bring \$1 to support The Heifer Project.

Important Friday Folder Handouts: *Graded Papers *Decades Day Handout

Reminders:

- Wednesday 4/25/12: Decades Day to support The Heifer Project
- Wednesday 4/25/12: School Board meeting at Freedom
- Thursday 5/3/12: Field Trip to Chicago History Museum / Lincoln Park Zoo
- Friday 5/4/12: No School
- Tuesday 5/8/12: Piper PTA Meeting

Celebrate: 34 out of 39 students attended the Wii Dance party this week for Being Ready! That's up from 31 students who made it the week before! Keep up the good work 4th Graders!
